Circular T. A. D. (B) No. 195—Est., dated 24th April 1931.

To

(1) All Drawing and Disbursing Officers of the Military Department.
(2) All Treasury Officers.

With reference to Government Order No. Fl. 7450-2—G. F. 169-30-1, dated 31st March 1931, directing the abolition of the Financial Branch of the Military Department from 1st May 1931 and the transfer of the audit work to the Comptroller's Office, the following instructions are issued regarding the drawing and accounting of the funds required by the Military Department, for adoption from 1st *May* 1931 :—

(1) All bills of the Military Department that were hitherto being audited by the Financial Branch will be audited by the Comptroller's Office and all bills, correspondence, etc., hitherto addressed to the Chief Commandant, Financial Branch, will be addressed to the Comptroller.

(2) The existing system of payment of bills by cheques issued by the Financial Assistant will cease from 1st May 1931, and the procedure of drawing funds, on bills from the treasuries followed by all civil departments (*Vide* Chapters I to VII of Mysore Civil Account Code Volume I) and that was being followed by the Military Department prior to the formation of the Financial Branch will be adopted. The cheques drawn till the end of April 1931, but presented for encashment on and after 1st May 1931, may however be honoured at the treasuries, the paid cheques being sent to the Comptroller with the monthly accounts.

(3) At present all bills of the Military Department are subject to pre-audit. From 1st May 1931, the salary and establishment bills of the units outside Bangalore will be cashed at the Treasuries by the Drawing Officers (*Vide* Appendix II, Mysore Civil Account Code, Volume I) and will be subject to post-audit in the Comptroller's Office. The bills of the Chief Commandant's Office and those of the units located at Bangalore will be submitted to the Comptroller for pre-audit. The salary bills of Gazetted Officers for April 1931 will be supported by Last Pay Certificates issued by the Financial Assistant to the Chief Commandant. The same procedure will be followed in respect of Travelling Allowance bills also except that the bills will be got countersigned by the Chief Commandant before presentation at the treasury.

(4) As regards contingencies and other charges, the unit officers will meet expenditure (petty items) from the imprests they now hold and recoup the amount by drawing funds from the Treasuries on Abstract Contingent bills or Detailed Contingent bills as the case may be as indicated below :—

(*a*) The unit Officers at Bangalore will draw funds on detailed contingent bills duly countersigned by the Chief Commandant and pre-audited by the Comptroller's Office.

(*b*) The Officers outside Bangalore (specified on pages 57 and 58 of Appendix IX, Mysore Civil Account Code, Volume I) will draw funds on Abstract Contingent bills in accordance with the procedure detailed in Chapter VI, Mysore Civil Account Code, Volume 1, (Article 107) and for funds so drawn detailed contingent bills will be sent to the Audit Office, duly countersigned by the Chief Commandant in accordance with the prescribed rules.

(*d*) Bills for payments exceeding Rs. 25 to firms outside the State and for payments for supplies of ammunitions, etc., from the Arsenal authorities, will also be sent to the Comptroller for pre-audit. The present system of sending requisitions to the State Huzur Treasury for arranging for such payments will cease.

(5) Bills on account of advances of Travelling Allowance will be dealt with in the same way as Travelling Allowance bills. Bills on account of advances of pay and other special recoverable advances will be drawn directly from the Treasury, attaching thereto the original orders of the sanctioning authority (Article 10 (*b*) (4) M. C. A. C. Volume I).

(6) All bills for amounts due by the Military Department to other departments of Government, except the Electrical Department, for supplies and services will in future be adjusted by book transfer in the Comptroller's Office and the procedure detailed in Articles 120 and 121 M. C. A. C. Volume 1 should be followed in such cases. The same procedure will be followed in respect of dues to the Military Department by other departments.

(7) In case of Electrical Department, all petty bills for lighting, etc., will be paid by the unit officers in cash from their imprests. (8) The remittance of pay, travelling allowance, clothing allowance, Military Provident Fund and imprest amounts due to Barr Guards, etc., will be made either by means of Remittance Transfer Receipts or by drawing bills from the concerned Treasury, in accordance with Article 175 (2) (*m*) Mysore Civil Account Code, Volume 1.

(9) Consequent on the abolition of the Financial Branch, the Treasuries need not send to the Chief Commandant the triplicate Copies of the schedules of Military receipts and payments.

PRESS COMMUNIQUE.

NEW PATTERN 1,000 RUPEE NOTE.

The Government of India propose to introduce shortly a new pattern 1,000 rupee note which has been printed at Nasik. These notes will be issued first from the Bombay Currency Office from about the middle of June and subsequently from the other Currency Offices.

2. A detailed description of the new note is given below for the information of the public:

Size.—The note measures 8″ x 5″.

Front.—On the front the head of His Majesty the King Emperor with Crown and Orders appears within an oval on the right of the note and His portrait in watermark within a similar oval on the left, free of printing. Above is a tablet with the words "Government of India" in large letters and below is the signature of the Controller of the Currency.

The general colouration of the face of the note is a brown purple but there is a complicated multiple coloured background producing a checked effect behind the main legend promising to pay and shadad effects over the rest of the printing with green in the centre through purple and buff to grey green at the edges.

Back.—The design on the back consists of two elliptical spaces of equal size surrounded by a complicated border showing the value in English and between the ovals an Indian landscape with a man ploughing with bullocks. On the space which is to the left of the design, coinciding with His Majesty's printed portrait on the front is the value of the note in eight vernaculars, and on the other space is light overprinting as a backing to His Majesty's watermark portrait.

The general tone of the back of the note is purple with multicolour giving green and brown effects.

Watermark.—The watermark consists of the portrait of His Majesty the King Emperor in a clear oval on the left of the note.

3. The Government of India have also decided to declare the thousand rupee note and the five hundred rupee note universal. With effect from the 13th June 1931, Rs. 500 and Rs. 1,000 notes will be legal tender at any place in British India and can be cashed at any office of issue irrespective of the locality of the office from which they were issued.

PRESS COMMUNIQUE.

NEW PATTERN 1,000 RUPEE NOTE.

The Government of India propose to introduce shortly a new pattern 1,000 rupee note which has been printed at Nasik. These notes will be issued first from the Bombay Currency Office from about the middle of June and subsequently from the other Currency Offices.

2. A detailed description of the new note is given below for the information of the public:

Size.—The note measures 8" x 5".

Front.—On the front the head of His Majesty the King Emperor with Crown and Orders appears within an oval on the right of the note and His portrait in watermark within a similar oval on the left, free of printing. Above is a tablet with the words "Government of India" in large letters and below is the signature of the Controller of the Currency.

The general colouration of the face of the note is a brown purple but there is a complicated multiple coloured background producing a checked effect behind the main legend promising to pay and shadad effects over the rest of the printing with green in the centre through purple and buff to grey green at the edges.

Back.—The design on the back consists of two elliptical spaces of equal size surrounded by a complicated border showing the value in English and between the ovals an Indian landscape with a man ploughing with bullocks. On the space which is to the left of the design, coinciding with His Majesty's printed portrait on the front is the value of the note in eight vernaculars, and on the other space is light overprinting as a backing to His Majesty's watermark portrait.

The general tone of the back of the note is purple with multicolour giving green and brown effects.

Water mark.—The watermark consists of the portrait of His Majesty the King Emperor in a clear oval on the left of the note.

3. The Government of India have also decided to declare the thousand rupee note and the five hundred rupee note universal. With effect from the 13th June 1931, Rs. 500 and Rs. 1,000 notes will be legal tender at any place in British India and can be cashed at any office of issue irrespective of the locality of the office from which they were issued.

In the State Huzur Treasury Accounts, the transactions pertaining to institutions under the direct management of the Muzrai Commissioner should be shown separately and separate balances should be worked out.

3. At the end of each month, an abstract of the monthly transactions (Opening balance, total receipts, total payments and closing balance relating to each Muzrai Officer) should be worked out in the Treasury Subsidiary Register.

PRESS COMMUNIQUE.

NEW PATTERN 1,000 RUPEE NOTE.

The Government of India propose to introduce shortly a new pattern 1,000 rupee note which has been printed at Nasik. These notes will be issued first from the Bombay Currency Office from about the middle of June and subsequently from the other Currency Offices.

2. A detailed description of the new note is given below for the information of the public:

Size.—The note measures 8" x 5".

Front.—On the front the head of His Majesty the King Emperor with Crown and Orders appears within an oval on the right of the note and His portrait in watermark within a similar oval on the left, free of printing. Above is a tablet with the words "Government of India" in large letters and below is the signature of the Controller of the Currency.

The general colouration of the face of the note is a brown purple but there is a complicated multiple coloured background producing a checked effect behind the main legend promising to pay and shadad effects over the rest of the printing with green in the centre through purple and buff to grey green at the edges.

Back.—The design on the back consists of two elliptical spaces of equal size surrounded by a complicated border showing the value in English and between the ovals an Indian landscape with a man ploughing with bullocks. On the space which is to the left of the design, coinciding with His Majesty's printed portrait on the front is the value of the note in eight vernaculars, and on the other space is light overprinting as a backing to His Majesty's watermark portrait.

The general tone of the back of the note is purple with multicolour giving green and brown effects.

Water mark.—The watermark consists of the portrait of His Majesty the King Emperor in a clear oval on the left of the note.

3. The Government of India have also decided to declare the thousand rupee note and the five hundred rupee note universal. With effect from the 13th June 1931, Rs. 500 and Rs. 1,000 notes will be legal tender at any place in British India and can be cashed at any office of issue irrespective of the locality of the office from which they were issued.

The accompanying extract from the report of the Silver Wedding Fund Authorities for the year ending the 31st December 1930, is published for the information of the public. Application from qualified persons are invited which may be sent to the Director of Public Instruction in Mysore, Bangalore, not later than 15th November 1931.

Rules for the award of scholarships from the Silver Wedding Fund for study abroad.

Two scholarships are awarded each year for training in a technical subject outside India. No applications are invited for these scholarships, but Directors of Public Instruction are at liberty to submit the applications of suitable candidates before the first of January for the year in which they desire to pursue their studies in Europe. The scholarships are of the value of £300 a year tenable for a period of three or four years according to the course of study to be pursued; free second class passages from Bombay to London and back are provided. The scholarships were originally confined to graduates of Indian Universities under the age of 22 years, but it has been subsequently decided to consider also applications from non-graduates who are successful in examinations not conducted by a University, and to refrain from laying down any hard and fast rules specifying on age limit. These scholarships are not ordinarily awarded to students to study subjects in which suitable provision for training is available in India. Furthermore, only those students are considered for these scholarships who are brilliant and whose fathers have rendered exceptional services and have very limited means.

(*g*) Stores should be verified periodically in the manner prescribed for each department, in any case, at least once a year. Subject to any special rules or orders, expendible stores and raw materials should be checked annually by the officers in charge of them and a report of verification should be sent to the controlling authorities, who will be required to check the inventories as part of their inspections.

In the case of furniture and other office stores, the stock should be verified at least once a year (in July) by the head of the office or one of his Gazetted Assistants. A certificate of check should be submitted to the controlling officer, where there is one, signed by the head of the office who will be held responsible for the proper maintenance of the registers and the correctness of the verification report, whether he conducts the verification himself or entrusts it to a Gazetted Assistant.

Note 1.—When there is a separate store-keeper in charge of stores the verification of stock prescribed in this article should be done by another officer.

Note 2.—A certificate in Form 19 will also be attached to the salary bill of the Heads of offices for July payable in August. When there is a transfer of charge, a similar certificate should be attached to the first pay bill of the relieving officer presented for payment. Explantion for the difference in stock, if any, and action taken thereon should be furnished in these certificates.

(*h*) Whenever an officer entrusted with the custody of Stores in an office is transferred, the relieving officer should verify the stock of stores with the stock accounts and certify to the correctness of the stock taken over. For the purpose of this rule, the officer entrusted with the custody of stores is ordinarily the head of the office, but this duty may be delegated in large offices to a gazetted assistant, manager or a recognised store-keeper. When such a delegation has been made, the verification prescribed is only necessary, unless it is otherwise ordered in any case, when an officer to whom the duty has been delegated is transferred, and in such cases the results of vertification should always be placed before the head of the office. This does not however relieve the head of the office of responsibility for the certificate prescribed at the foot of the various contingent bills, etc., stating that the articles billed for have been brought into account nor for general control over the proper custody and accounts of stores.

(*i*) Deficiencies found as a result of stock verification may be due to.—

(1) Incorrect or careless accounting

(2) losses arising from fraud, theft or negligence or

(3) unavoidable causes such as wastage, shrinkage, spilling, etc., in the cases of expendible stores such as dietary articles, chemicals and certain classes of manufactory articles.

Excesses found in stock verification may be due to incorrect or careless accounting. It will be the duty of the head of the office or institution to investigate fully into discrepancies and to report them along with the verification reports to controlling authorities with full explanations therefor and recommendations, if any, as to how the losses should be made good.

by recoveries from officers in case the loss can be traced to their culpable negligence or carelessness. The controlling authority should after such examination and investigation as the importance of the case warrants, issue, or obtain from the competent authority, orders to write off deficiencies from the accounts. On receipt of such orders the deficiencies will be charged in the accounts quoting the authority. The realisation of recoveries ordered should be recorded. Excesses at the time of stock taking should after investigation, be brought on to the stock registers as receipts with the remark "Excess found in stock verification". No special orders are necessary for this.

(*j*) In the Annual Administration Report, sent to Government, the head of the Department should furnish information as regards (1) conditions in which stock registers are maintained in his office and in the offices subordinate to him; (2) results of periodical verification of stock (3) action taken for the adjustment of deficiencies, excess, etc., if any, noticed during stock-taking.

(*k*) The head of each department should send to the Audit Office annually before 1st September, a statement in the following form, showing (1) the names of institutions and offices under his charge (including Guests Houses, etc.) (2) the dates on which stock verification reports were received by him in respect of each institution or office, (3) result of verification (excess or deficiencies noticed) and (4) action taken in respect of excess or deficiencies, if any, noticed during stock taking.

Subject.—Report of the Stock Verification for the year 1930-31.

Circular No. 203—*T. A. D. Mis., dated* 29*th July* 1931.

To

All Heads of Departments.

Sir,

I have the honour to forward herewith an extract from Appendix to Government Order No. 5481-2—G. F. 50-28, dated 10th January 1931, issuing certain amendments to the Mysore Civil Account Code, Vol. I, in regard to rules relating to stores and Stock taking and to request that the Annaul Return for 1930-31 prescribed in clause (k)—*Vide* last para of the Extract—may kindly be arranged to be sent to this office before 1st September 1931.

Printed copies of the prescribed form may be obtained from the Government Press on indents.

I have the honor to be,
Sir,
Your most obedient servant,

S. SHAMANNA,
Comptroller.

EXTRACT.

M. C. A. C. Vol. I, Page 176, *Annexure—Para* 9*A* :—

* * * * *

(*g*) Stores should be verified periodically in the manner prescribed for each department, in any case, at least once a year. Subject to any special rules or orders, expendible stores and raw materials should be checked annually by the officers in charge of them and a report of verification should be sent to the controlling authorities, who will be required to check the inventories as part of their inspections.

In the case of furniture and other office stores, the stock should be verified at least once a year (in July) by the head of the office or one of his Gazetted Assistants. A certificate of check should be submitted to the controlling officer, where there is one, signed by the head of the office who will be held responsible for the proper maintenance of the registers and the correctness of the verification report, whether he conducts the verification himself or entrusts it to a Gazetted Assistant.

Note 1.—When there is a separate store-keeper in charge of stores the verification of stock prescribed in this article should be done by another officer.

Note 2.—A certificate in Form 19 will also be attached to the salary bill of the Heads of offices for July payable in August. When there is a transfer of charge, a similar certificate should be attached to the first pay bill of the relieving officer presented for payment. Explanation for the difference in stock, if any, and action taken thereon should be furnished in these certificates.

(*h*) Whenever an officer entrusted with the custody of Stores in an office is transferred, the relieving officer should verify the stock of stores with the stock accounts and certify to the correctness of the stock taken over. For the purpose of this rule, the officer entrusted with the custody of stores is ordinarily the head of the office, but this duty may be delegated in large offices to a gazetted assistant, manager or a recognised store-keeper. When such a delegation has been made, the verification prescribed is only necessary, unless it is otherwise ordered in any case, when an officer to whom the duty has been delegated is transferred, and in such cases the results of vertification should always be placed before the head of the office. This does not however relieve the head of the office of responsibility for the certificate prescribed at the foot of the various contingent bills, etc., stating that the articles billed for have been brought into account nor for general control over the proper custody and accounts of stores.

(*i*) Deficiencies found as a result of stock verification may be due to.—

(1) Incorrect or careless accounting

(2) losses arising from fraud, theft or negligence or

(3) unavoidable causes such as wastage, shrinkage, spilling, etc., in the cases of expendible stores such as dietary articles, chemicals and certain classes of manufactory articles.

Excesses found in stock verification may be due to incorrect or careless accounting. It will be the duty of the head of the office or institution to investigate fully into discrepancies and to report them along with the verification reports to controlling authorities with full explanations therefor and recommendations, if any, as to how the losses should be made good by recoveries from officers in case the loss can be traced to their culpable negligence or carelessness. The controlling authority should after such examination and investigation as the importance of the case warrants, issue, or obtain from the competent authority, orders to write off deficiencies from the accounts. On receipt of such orders the deficiencies will be charged in the accounts quoting the authority. The realisation of recoveries ordered should be recorded. Excesses at the time of stock taking should after investigation, be brought on to the stock registers as receipts with the remark "Excess found in stock verification". No special orders are necessary for this.

(*j*) In the Annual Administration Report, sent to Government, the head of the Department should furnish information as regards (1) conditions in which stock registers are maintained in his office and in the offices subordinate to him; (2) results of periodical verification of stock (3) action taken for the adjustment of deficiencies, excess, etc., if any, noticed during stock-taking.

(*k*) The head of each department should send to the Audit Office annually before 1st September, a statement in the following form, showing (1) the names of institutions and offices under his charge (including Guests Houses, etc.) (2) the dates on which stock verification reports were received by him in respect of each institution or office, (3) result of verification (excess or deficiencies noticed) and (4) action taken in respect of excess or deficiencies, if any, noticed during stock taking.

Circular No. 2—*S. L., dated* 11th *August* 1931.

MEMO OF INSTRUCTIONS TO HOLDERS OF 7 PER CENT MYSORE GOVERNMENT BONDS OF 1931.

The principal of the 7 per cent Bonds which are due to be discharged on 1st November 1931 will be repaid at the office of the Comptroller to the Government of Mysore, Bangalore, or the Treasuries or Banks in which the interest thereon is being paid now, *viz.*, Treasuries in the Mysore State, the District Treasuries in British India and the Bank of Mysore, Ltd., Bangalore, and the offices of the Deputy-Controllers of the Currency, Bombay and Calcutta.

2. As 1st November 1931 happens to be a Sunday, the principal will be repaid on the previous day, *i.e.*, 31st October 1931. The interest due for the half-year ending 31st October 1931 will also be repaid on 31st October 1931 along with the principal.

3. The Paying Officers are authorised to make payments straight away without consulting the Comptroller, Bangalore, in only certain cases, and are required in other cases to send the bonds for examination to him. To avoid delay in payment, which may be caused by this procedure, holders are requested to lodge their bonds with the Officers authorised to pay the principal as noted above or to send them over to the Comptroller, Bangalore, for the examination of endorsements one month previously, *i.e.*, from 1st October 1931. This will facilitate the principal being repaid on the due date.

4. Holders of stock certificates should intimate any change of address to the Comptroller to the Government of Mysore, Bangalore, at once. They should arrange to complete any transfers they wish to make, well before the due date. They will get the principal repaid by the officers, who pay the interest warrants for the last half-year.

5. The securities tendered by the holder should be duly discharged under his signature as "Received the principal due on this note or stock certificate" as the case may be. In cases where more than one bond is presented for payment, the discharge on one bond should be as "Received the principal of Rs.....due on this bond and bonds numbered..... ....." On all the other bonds the discharge will be as "Received the principal of this bond as specified on bond number....." (the first bond.)

6. Where the title to give discharge or to endorse the bond has been derived from a legal document other than a power of attorney, *e.g.*, a succession certificate, probate, etc., such documents will have to be previously accepted by the Comptroller, Mysore Government before payment can be made. The bonds and the documents should therefore be sent to him well in advance of the due date.

7. The signature of a lady in a language other than English or Kannada will have to be transliterated into English and authenticated by a stipendiary Magistrate or the Treasury Officer.

8 The discharge receipt and thumb impression of an illiterate person should be attested by a stipendiary Magistrate or the Treasury Officer as follows :—

"Certified that the above discharge receipt was explained to.....and he is satisfied with the meaning and effect of the discharge receipt in token of which he has affixed his left thumb impression before me.

Signature.....

9. Any further information required may be obtained from the interest paying officers or from the Comptroller, Mysore Government, Bangalore.

S. SHAMANNA,
Comptroller.

O. No. E. 73-74—Edn. 420-30-2, dated 3rd July 1931.

1. There will be one school board for each Revenue district and in addition there will be separate school boards for (i) Bangalore City (ii) Mysore City (iii) Tumkur town and (iv) the Kolar Gold Fields area. The instructions contained in this circular are wholly applicable only to (*a*) the eight district school boards and (*b*) school board for the Kolar Gold Fields area.

2. The Fund head "Elementary Education Fund" now opened on the payment side of the Treasury Accounts will be opened on the receipt side also, after the head "Municipal Funds."

3. Education cess that was hitherto being credited to "District Funds" and subsequently invested in the Savings Bank will in future be credited to this new fund head in the Treasury accounts at the end of each month. The amount now held in the Savings Banks together with interest for 1930-31 added to it will be withdrawn from the Savings Bank account and credited to the Fund head. Education cess if any collected by the municipalities will also be credited to this Fund head. Other receipts, if any, such as Government grant, contributions, recoveries of overpayments, etc., pertaining to the Fund remitted to the treasuries by or on behalf of the School Board will also be credited under the Fund head.

Note.—Recoveries of personal advances (such as advance of pay on transfer, plague shed advances, House Building Advances, Bicycle Advances, etc.) will be credited under "Education Payments into treasuries" and not under the Fund heads.

4. At present the entire Education cess realised in the Kolar District is being credited to "District Funds—Kolar." According to G. O. No. E. 523-6—Edn. 354-30-2, dated 1st August 1931, Education cess will be levied in the Kolar Gold Fields Sanitary Board area also on all items of State Revenue on which Local cess is levied. The education cess levied in the Kolar Gold Fields Sanitary Board area and that levied in other areas of the Kolar District will be credited to the Accounts of the School Board, Kolar Gold Fields and Kolar District respectively, in the same way as Local cess is now apportioned among Kolar Gold Fields Sanitary Board Funds and Kolar District Funds.

5. The establishment and travelling allowance bills pertaining to the kinds of schools noted below which are transferred to the control of the school boards, drawn hitherto by the Assistant Inspectors will be prepared by them as *Ex-officio* School Board Assistants hereafter and sent to the *School Board Officer* for *countersignature* and transmission to the concerned Amildars for encashment and disbursement. Bills for supplies and services will either be *drawn or countersigned by the School Board Officer* before encashment. The *gross amount* (and not net amounts) of these bills will be charged to the Fund head referred to in para 2, the deductions from bills being credited to the appropriate heads of account (Insurance Fund, State Provident Fund, etc.)

2. Government Primary Schools for boys and girls.
3. Village Aided Schools.
4. Adult Night Schools.

Note.—1. Bills for personal advances (such as advance of pay on transfer, plague shed advance, House Building advances, Bicycle Advances, etc.,) will be charged to "Education Bills paid" and not to the Fund head.

Note.—2. Special care should be taken to see that all bills pertaining to the fund are either passed or countersigned by the School Board Officer before encashment.

Note.—3. The following are the School Board Officers :—

District School Boards ...	District Educational Officers.
School Boards of Mysore City and Tumkur Municipalities.	Assistant Inspectors of the Ranges.
School Board of the Bangalore City Municipality.	Superintendent, Municipal Schools, Bangalore.
School Board of the Kolar Gold Fields area ...	Assistant Inspector, Bowringpet Range.

6. The transactions pertaining to the fund (both receipts and payment) will be recorded by the treasuries in a subsidiary register in Form 118 M. C. A. C. Vol. II, the transactions of each School Board being recorded in separate columns and separate balances for each School Board being worked out therein. On the payment side, the number of the bill assigned in the School Board Office and date of passing or countersignature by the School Board Officer should also be noted in the register.

7. Copies of the Treasury subsidiary register will be prepared in triplicate (as in the case of Education receipt and payment schedules) by means of carbon paper. One copy will be filed in the treasury and the other two copies with the connected challans and vouchers will be sent to the District Treasury. The District Treasury will parepare, as usual, an abstract for the whole District (showing separately) the opening balance, receipts, payments and closing balance (for each school board) and send one copy of the abstract (with one copy of the subsidiary register) to this office with the monthly accounts. Another copy of the abstract and the subsidiary register will be sent with the connected challans and vouchers, to the Director of Public Instruction, Financial Branch, Bangalore on or before the 7th of the succeeding month. The total receipts and payments for the district worked out in the abstract should be agreed with the amounts credited and charged to the head "Elementary Education Fund" in the District Treasuay cash account sent to this office and a certificate recorded in the above abstract. (Plus and minus memo).

8. A pass book will be maintained by each School Board Officer in which, the District Treasury will enter in detail the monthly transactions under the Fund head in all the treasuries pertaining to the concerned School Board and also (1) Opening balance (2) Total receipts (3) Total payments and (4) Closing balance, for each month.

9. As regards the funds required by the School Boards of the Bangalore City and the Tumkur Town, the present procedure of payment out of the concerned Municipal Funds in the first instance and drawing the Government grant separately on bills will continue and the transactions of these two School Boards will not therefore appear under the Fund head. The same procedure will be followed in respect of the Schools under the control of the Mysore City Municipality. In respect of other Schools in the Mysore City that are transferred to the Local Educational Authority, the procedure detailed in paras 2 to 8 above will apply except that there will be no credit on account of Education Cess.

10. It will take some time to calculate and fix the annual Government grant payable to each Local Educational Authority. Till this is fixed and the Government grant is transferred to it and the fact of adjustment communicated to the treasuries, the Treasury Officers are authorised to pay bills pertaining to the Fund even in the absence of sufficient balance at credit. But the actual balances from time to time (whether credit or debit balances) in respect of each School Board should be worked out in the Treasury subsidiary registers, pass books and in the abstract for the District (plus and minus memo) sent to the Audit Office and the Director of Public Instruction, Financial Brach, Bangalore.

11. The expenditure charged to the Fund head pertaining to each School Board till the end of August 1931 will be intimated to the School Board and to the Treasury in due course by the Director of Public Instruction, Financial Branch, for note in the departmental and treasury books and for reducing the balance under the Fund head in the pass book the subsidiary register and in the School Board Accounts.

I have the honor to be,
Sir,
Your most obedient servant,

(*g*) Stores should be verified periodically in the manner prescribed for each department, in any case, at least once a year. Subject to any special rules or orders, expendible stores and raw materials should be checked annually by the officers in charge of them and a report of verification should be sent to the controlling authorities, who will be required to check the inventories as part of their inspections.

In the case of furniture and other office stores, the stock should be verified at least once a year (in July) by the head of the office or one of his Gazetted Assistants. A certificate of check should be submitted to the controlling officer, where there is one, signed by the head of the office who will be held responsible for the proper maintenance of the registers and the correctness of the verification report, whether he conducts the verification himself or entrusts it to a Gazetted Assistant.

Note 1.—When there is a separate store-keeper in charge of stores the verification of stock prescribed in this article should be done by another officer.

Note 2.—A certificate in Form 19 will also be attached to the salary bill of the Heads of offices for July payable in August. When there is a transfer of charge, a similar certificate should be attached to the first pay bill of the relieving officer presented for payment. Explantion for the difference in stock, if any, and action taken thereon should be furnished in these certificates.

(*h*) Whenever an officer entrusted with the custody of Stores in an office is transferred, the relieving officer should verify the stock of stores with the stock accounts and certify to the correctness of the stock taken over. For the purpose of this rule, the officer entrusted with the custody of stores is ordinarily the head of the office, but this duty may be delegated in large offices to a gazetted assistant, manager or a recognised store-keeper. When such a delegation has been made, the verification prescribed is only necessary, unless it is otherwise ordered in any case, when an officer to whom the duty has been delegated is transferred, and in such cases the results of verification should always be placed before the head of the office. This does not however relieve the head of the office of responsibility for the certificate prescribed at the foot of the various contingent bills, etc., stating that the articles billed for have been brought into account nor for general control over the proper custody and accounts of stores.

(*i*) Deficiencies found as a result of stock verification may be due to.—

(1) Incorrect or careless accounting

(2) losses arising from fraud, theft or negligence or

(3) unavoidable causes such as wastage, shrinkage, spilling, etc., in the cases of expendible stores such as dietary articles, chemicals and certain classes of manufactory articles.

Excesses found in stock verification may be due to incorrect or careless accounting. It will be the duty of the head of the office or institution to investigate fully into discrepancies and to report them along with the verification reports to controlling authorities with full explanations therefor and recommendations, if any, as to how the losses should be made good by recoveries from officers in case the loss can be traced to their culpable negligence or carelessness. The controlling authority should after such examination and investigation as the importance of the case warrants, issue, or obtain from the competent authority, orders to write off deficiencies from the accounts. On receipt of such orders the deficiencies will be charged in the accounts quoting the authority. The realisation of recoveries ordered should be recorded. Excesses at the time of stock taking should after investigation, be brought on to the stock registers as receipts with the remark "Excess found in stock verification". No special orders are necessary for this.

(*j*) In the Annual Administration Report, sent to Government, the head of the Department should furnish information as regards (1) conditions in which stock registers are maintained in his office and in the offices subordinate to him; (2) results of periodical verification of stock (3) action taken for the adjustment of deficiencies, excess, etc., if any, noticed during stock-taking.

(*k*) The head of each department should send to the Audit Office annually before 1st September, a statement in the following form, showing (1) the names of institutions and offices under his charge (including Guests Houses, etc.) (2) the dates on which stock verification reports were received by him in respect of each institution or office, (3) result of verification (excess or deficiencies noticed) and (4) action taken in respect of excess or deficiencies, if any, noticed during stock taking.

MEMO OF INSTRUCTIONS TO HOLDERS OF 7 PER CENT MYSORE GOVERNMENT BONDS OF 1931.

The principal of the 7 per cent Bonds which are due to be discharged on 1st November 1931 will be repaid at the office of the Comptroller to the Government of Mysore, Bangalore, or the Treasuries or Banks in which the interest thereon is being paid now, *viz.*, Treasuries in the Mysore State, the District Treasuries in British India and the Bank of Mysore, Ltd., Bangalore, and the offices of the Deputy-Controllers of the Currency, Bombay and Calcutta.

2. As 1st November 1931 happens to be a Sunday, the principal will be repaid on the previous day, *i.e.*, 31st October 1931. The interest due for the half-year ending 31st October 1931 will also be repaid on 31st October 1931 along with the principal.

3. The Paying Officers are authorised to make payments straight away without consulting the Comptroller, Bangalore, in only certain cases, and are required in other cases to send the bonds for examination to him. To avoid delay in payment, which may be caused by this procedure, holders are requested to lodge their bonds with the Officers authorised to pay the principal as noted above or to send them over to the Comptroller, Bangalore, for the examination of endorsements one month previously, *i.e.*, from 1st October 1931. This will facilitate the principal being repaid on the due date.

4. Holders of stock certificates should intimate any change of address to the Comptroller to the Government of Mysore, Bangalore, at once. They should arrange to complete any transfers they wish to make, well before the due date. They will get the principal repaid by the officers, who pay the interest warrants for the last half-year.

5. The securities tendered by the holder should be duly discharged under his signature as "Received the principal due on this note or stock certificate" as the case may be. In cases where more than one bond is presented for payment, the discharge on one bond should be as "Received the principal of Rs..... .....due on this bond and bonds numbered..... ....." On all the other bonds the discharge will be as "Received the principal of this bond as specified on bond number....." (the first bond.)

6. Where the title to give discharge or to endorse the bond has been derived from a legal document other than a power of attorney, *e.g.*, a succession certificate, probate, etc., such documents will have to be previously accepted by the Comptroller, Mysore Government before payment can be made. The bonds and the documents should therefore be sent to him well in advance of the due date.

7. The signature of a lady in a language other than English or Kannada will have to be transliterated into English and authenticated by a stipendiary Magistrate or the Treasury Officer.

8 The discharge receipt and thumb impression of an illiterate person should be attested by a stipendiary Magistrate or the Treasury Officer as follows :—

"Certified that the above discharge receipt was explained to.....and he is satisfied with the meaning and effect of the discharge receipt in token of which he has affixed his left thumb impression before me.

Circular No. 204—TADB. ii, dated 10th August 1931.

SUBJECT.—**Instructions regarding the manner of accounting of the transactions pertaining to "Elementary Education Fund."**

To

All Treasury Officers.

In continuation of this office circular No. 200—TADB., dated 30th June 1931, regarding the payment of establishment and other bills relating to Village Elementary Schools from 1st July 1931 and laying down that the *gross amounts* of such bills should be charged to a separate fund head "Elementary Education Fund" in the Treasury Accounts, the following supplementary instructions regarding the method of accounting of the transactions pertaining to this fund from *1st September* 1931, are issued for the guidance of Treasuries in accordance with G. O. No. E. 73-74—Edn. 420-30-2, dated 3rd July 1931.

1. There will be one school board for each Revenue district and in addition there will be separate school boards for (i) Bangalore City (ii) Mysore City (iii) Tumkur town and (iv) the Kolar Gold Fields area. The instructions contained in this circular are wholly applicable only to (*a*) the eight district school boards and (*b*) school board for the Kolar Gold Fields area.

2. The Fund head "Elementary Education Fund" now opened on the payment side of the Treasury Accounts will be opened on the receipt side also, after the head "Municipal Funds"

3. Education cess that was hitherto being credited to "District Funds" and subsequently invested in the Savings Bank will in future be credited to this new fund head in the Treasury accounts at the end of each month. The amount now held in the Savings Banks together with interest for 1930-31 added to it will be withdrawn from the Savings Bank account and credited to the Fund head. Education cess if any collected by the municipalities will also be credited to this Fund head. Other receipts, if any, such as Government grant, contributions, recoveries of overpayments, etc., pertaining to the Fund remitted to the treasuries by or on behalf of the School Board will also be credited under the Fund head.

Note.—Recoveries of personal advances (such as advance of pay on transfer, plague shed advances, House Building Advances, Bicycle Advances, etc.) will be credited under "Education Payments into treasuries" and not under the Fund heads.

4. At present the entire Education cess realised in the Kolar District is being credited to "District Funds—Kolar." According to G. O. No. E. 523-6—Edn. 354-30-2, dated 1st August 1931, Education cess will be levied in the Kolar Gold Fields Sanitary Board area also on all items of State Revenue on which Local cess is levied. The education cess levied in the Kolar Gold Fields Sanitary Board area and that levied in other areas of the Kolar District will be credited to the Accounts of the School Board, Kolar Gold Fields and Kolar District respectively, in the same way as Local cess is now apportioned among Kolar Gold Fields Sanitary Board Funds and Kolar District Funds.

5. The establishment and travelling allowance bills pertaining to the kinds of schools noted below which are transferred to the control of the school boards, drawn hitherto by the Assistant Inspectors will be prepared by them as *Ex-officio* School Board Assistants hereafter, and sent to the *School Board Officer* for *countersignature* and transmission to the concerned Amildars for encashment and disbursement. Bills for supplies and services will either be *drawn or countersigned by the School Board Officer* before encashment. The *gross amount* (and not net amounts) of these bills will be charged to the Fund head referred to in para 2, the deductions from bills being credited to the appropriate heads of account (Insurance Fund, State Provident Fund, etc.)

1. Government Incomplete Middle Schools for boys and girls, reduced to the status of Elementary Schools.
2. Government Primary Schools for boys and girls.
3. Village Aided Schools.
4. Adult Night Schools.

Note.—1. Bills for personal advances (such as advance of pay on transfer, plague shed advance, House Building advances, Bicycle Advances, etc.,) will be charged to "Education Bills paid" and not to the Fund head.

Note.—2. Special care should be taken to see that all bills pertaining to the fund are either passed or countersigned by the School Board Officer before encashment.

Note.—3. The following are the School Board Officers:—

District School Boards ...	District Educational Officers.
School Boards of Mysore City and Tumkur Municipalities.	Assistant Inspectors of the Ranges.
School Board of the Bangalore City Municipality.	Superintendent, Municipal Schools, Bangalore.
School Board of the Kolar Gold Fields area ...	Assistant Inspector, Bowringpet Range.

6. The transactions pertaining to the fund (both receipts and payment) will be recorded by the treasuries in a subsidiary register in Form 118 M. C. A. C. Vol. II, the transactions of each School Board being recorded in separate columns and separate balances for each School Board being worked out therein. On the payment side, the number of the bill assigned in the School Board Office and date of passing or countersignature by the School Board Officer should also be noted in the register.

7. Copies of the Treasury subsidiary register will be prepared in triplicate (as in the case of Education receipt and payment schedules) by means of carbon paper. One copy will be filed in the treasury and the other two copies with the connected challans and vouchers will be sent to the District Treasury. The District Treasury will parepare, as usual, an abstract for the whole District (showing separately) the opening balance, receipts, payments and closing balance (for each school board) and send one copy of the abstract (with one copy of the subsidiary register) to this office with the monthly accounts. Another copy of the abstract and the subsidiary register will be sent with the connected challans and vouchers, to the Director of Public Instruction, Financial Branch, Bangalore on or before the 7th of the succeeding month. The total receipts and payments for the district worked out in the abstract should be agreed with the amounts credited and charged to the head "Elementary Education Fund" in the District Treasuay cash account sent to this office and a certificate recorded in the above abstract. (Plus and minus memo).

8. A pass book will be maintained by each School Board Officer in which, the District Treasury will enter in detail the monthly transactions under the Fund head in all the treasuries pertaining to the concerned School Board and also (1) Opening balance (2) Total receipts (3) Total payments and (4) Closing balance, for each month.

9. As regards the funds required by the School Boards of the Bangalore City and the Tumkur Town, the present procedure of payment out of the concerned Municipal Funds in the first instance and drawing the Government grant separately on bills will continue and the transactions of these two School Boards will not therefore appear under the Fund head. The same procedure will be followed in respect of the Schools under the control of the Mysore City Municipality. In respect of other Schools in the Mysore City that are transferred to the Local Educational Authority, the procedure detailed in paras 2 to 8 above will apply except that there will be no credit on account of Education Cess.

10. It will take some time to calculate and fix the annual Government grant payable to each Local Educational Authority. Till this is fixed and the Government grant is transferred to it and the fact of adjustment communicated to the treasuries, the Treasury Officers are authorised to pay bills pertaining to the Fund even in the absence of sufficient balance at credit. But the actual balances from time to time (whether credit or debit balances) in respect of each School Board should be worked out in the Treasury subsidiary registers, pass books and in the abstract for the District (plus and minus memo) sent to the Audit Office and the Director of Public Instruction, Financial Brach, Bangalore.

11. The expenditure charged to the Fund head pertaining to each School Board till the end of August 1931 will be intimated to the School Board and to the Treasury in due course by the Director of Public Instruction, Financial Branch, for note in the departmental and treasury books and for reducing the balance under the Fund head in the pass book, the subsidiary register and in the School Board Accounts.

Facilities for reinvestment of holdings in Mysore 7 per cent Bonds of 1931.

As already notified in Circular No. 2—S. L., dated 11th August 1931, arrangements have been made to repay in cash on 31st October 1931, the principal of the Mysore Government 7 per cent bonds, in British India and in Mysore State, at all places at which interest on them is now being paid.

2. A large number of holders of the 7 per cent bonds who did not avail themselves of the conversion facilities offered by the Government of Mysore in 1930 have enquired, if they can exchange their holdings for 5 per cent 1955 and 5½ per cent 1938 Mysore bonds. To meet the wishes of such holders, as far as possible, the Government of His Highness the Maharaja of Mysore have authorised the undersigned to issue 5 per cent and 5½ per cent tax free Mysore bonds in exchange for the 7 per cent bonds **at the option of the holders** subject to the following conditions:—

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE, BANGALORE.

Notification No. 1534—C. S., dated 24th August 1931.

It is hereby notified for general information that under Section 42 of the Mysore Co-operative Societies Regulation No. VII of 1918, Mr. S. Venkataramiah, B.A., Inspector of Co-operative Societies, Hassan Circle, is hereby appointed Liquidator of the Mosale Co-operative Society, Unlimited in the Hassan Taluk, the registration of which was cancelled in this Office Notification No. 1252—C. S., dated 27th June 1927.

Circular No. 11—C. S., dated 24th August 1931.

SUBJECT.—**Supply of forms for referring disputes to the Registrar under Rule 16 of the Co-operative Rules.**

In the earlier stages of the Movement it was considered necessary to supply all Co-operative Societies with printed forms for referring their disputes to the Registrar under Rule 16 of the Co-operative Societies Rules and accordingly the forms were being supplied by the Department free. As most of the Urban Societies and Banks have developed their business considerably and do not stand in need of this concession of free supply of plaint forms, it is considered desirable that such societies should make their own arrangements for getting the plaint forms required by them, as the cost on this account can well be met out of their profits. The bigger societies can have the forms printed with their names and addresses. The form noted below is prescribed for adoption by the societies. All Urban Societies and Banks are requested to adopt the said form for filing suits before the Officers of the Department and make their own arrangements for getting them printed at an early date.

K. H. RAMAYYA,
Registrar.
